

KEEP SAFETY AT THE TOP OF YOUR LIST

OFF-SITE ESSENTIAL INSPECTION SERVICES

Ensuring that your rigging equipment will continue to keep your operation, and your people, safe. Olsen's off-site essential inspections take place at our shop and promise customers the same level of lifting and equipment engineering expertise as our on-location inspection services.

HERE'S HOW IT WORKS

1

Contact Us to Place Your Inspection Order

Send your inspection inquiry to sales@olsenchain.com or to your outside sales rep. We will issue an inspection order number that should be included with the rigging equipment shipped to our Edina, MN location.

2

Ship Your Rigging Equipment to Olsen Chain & Cable

Do not ship anything until Olsen Chain reference number has been sent. All shipping costs will be charged to customer for both initial and return shipments. Include an itemized list of items being shipped/inspected, along with a PO# for billing. Include reference number, your contact info, and any special instructions.

OR

Drop off your equipment at Olsen Chain & Cable

Equipment can be brought directly to our Edina, MN location:

7225 Washington Ave S | Edina, MN 55439

3

Equipment Inspection & Repair

Equipment will be automatically refurbished unless an estimate has been requested. All repairs are done at our location.

4

Inspected & Repaired Equipment is Returned to Customer

OR

Olsen Curb-side Pick Up!

Olsen does take out. Call ahead for on-site equipment pick up. You can either pick equipment up inside our shop or call ahead for order pick up to have your items set outside our door.
